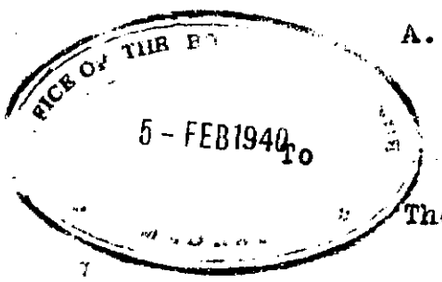
Ref.C.No.787-40-L. South Kanara Collector's Office,

Camp Brahmavar, 1st February 194(

From



A. C. Woodhouse, Esq., C.I.E.,

Collector of South Kanara.

To

The Secretary to the Board of Revenue,

Land Revenue & Irrigation, Madras.

Sir,

Establishment - Temporary - Draftsmen - Further retention 1940-41 - sanction sought.

Two temporary draftsmen have been employed in this District, since September 1927, on account of the unusually large No. of subdivisions, that were being formed and sanctioned. The sanction for their retention, last obtained in G.O.Mis.703/Rev., dated 18.3.1939, expires at the end of March 1940. As, however, the work under this head is decreasing owing to the ban on ----- assignments in this District, by the Government, no substitute in the place of one of these two draftsmen who retired from ---- service since 14.10.39 was appointed by me and this post is now vacant. The additional work is now being attended to by the other and only temporary hand without any extra pressure or inconvenience and I do not therefore consider that there will be sufficient work for two temporary draftsmen during the year 1940. A rise in the number of subdivisions to justify the employment of two temporary hands may be expected only, after the Government formulate their policy re future assignments.

2. I therefore request that the Board may be pleased to obtain the necessary sanction from the Government for the retention of only one temporary draftsman for this District with effect from 1.4.40 to 31.3.41. Necessary provision has been made in the budget estimate for 1940-41 under 7 a Land Revenue - Charges of Administration - A- Taluk Establishments - Pay of Establishments - for this post.

3. During the 12 months ending 31.12.39, the number of

sanctioned subdivisions received for scrutiny in this office, was 6061 which works out at 505 subdivisions a month, an average less than that of last year. In addition to this, there were 5034 land acquisition and errata subdivisions received for scrutiny and plotting. The one permanent and two temporary draftsmen employed in my office, actually scrutinized during the year 1939, 6892 sanctioned subdivisions and 5034 errata and land acquisition subdivisions at a first scrutiny. Besides, scrutinizing for the II time 5885 subdivisions and plotting 7072 ordinary and 2171 errata subdivisions in the Taluk copies of Field Measurement Books. They also plotted 512 fields in the maintenance set of village maps and prepared copies of sketches comprising 330 subdivisions during the period, besides, doing miscellaneous work - such as comparing Taluk copies of the F. M. Books with the maintained copies of the village maps in this office relating to some of the non-resurveyed villages of Udipi Taluk preparatory to their being sent for reprint to the Central Survey Office, Madras. The No. of subdivisions pending scrutiny and plotting on 1.1.1940, was 2150 as against 3263 during the corresponding period of last year.

The retention of one temporary draftsman during 1940-41 is therefore necessary to clear off arrears and to attend to current

For Collector.
